

# NEWS LETTER NO 38

## Update 1/7/2014 Augsburg

We left Wagingsee and headed across to what is called the Romantische Strabe (romantic road). It is 220ml long from Wurzburg in central Germany to Fusson on the Austrian border. It was a old trade route. There are lots of old towns with churches and castles, but motorways, bypasses and industry have spoilt the feel of it.

## Update 3/7/2014 Eberback

We are in Germany on the river Neckar, one of the 3 main tributary's to the Rhine. As you can see we are pitched on the river side with barges and boatel's passing regularly.
