

NEWS LETTER NO 40

Update 11/9/2014 Fussen

From Nehargemund we had a one night stop over at Lindau on Bodensee (lake Constance). All you "pub quiz" exponents will know is where you can get a ferry to Austria.

This was the first of king Ludwigs castles which he started in 1869 and the rooms were still not finished when he died in 1886 in 2ft of water in a lake with his doctor. We came here 3 years ago but the castle was covered in scaffold so we didn't go to see it. So we went to visit this year. This is what it looked like this year,
