Update 3 / 4 / 2016 Maidstone

Yippee it's the start of the touring season, it's been a very busy winter with house d.i.y. and we created a craft room for Wendy for her different types of sewing which has proved to be a great success. I also started to make a new fixed OO scale train layout in the garage roof, and is our interoperation of the Cornish coastal path in 1965. It will take about 5 winters to complete but I have the main part of the track down and scenery complete in one corner.

We are now at the Caravan club site at Maidstone taking the ferry to Dunkirk tomorrow.

We are heading off for 15 weeks going, France Belgium, Luxembourg, Germany, Austria, to Italy where we are going to stay round the Lakes. We don't quite know where we are going but in the past we have visited 9 lakes and we are hoping to visit another 5 this year as well as our old favourites, then back thro Germany depending on the weather. Our return to the UK is on the 17th off July then up to Whitby to meet up with John and Keith returning to Louth on the 23rd of July.

Leaving again on the 2nd of sept. for France then down to Spain to find Lynda and Buzz returning the 25th of October and spending a few days in Bristol, returning to Louth 31st of Oct.

I will keep trying to send these letters when possible
